Dear Josh,

.... Here is the text of the Genetics Annex of the Radiation

Committee Report as it will go to the Committee on June 9th,

and as it will appear in the final document (since I assume
there will be no competent geneticist present at the June 9th

.... meeting). Enclosed also is the Genetics Section of the main
text of the report as it now stands: it should also be immune
from further changes.

Thank you very much for sending me the reference. I can't think why I missed it in a paper for which I have great affection and regard.

With best regards to both Esther and yourself.

Yours sincerely,

Raymond K. Appleyard
